EDUCATION

Bachelor of Sciences, 2017

University of California, Los Angeles

Major: Physiological Science

EXPERIENCE

Program Assistant

July 2018 – July 2019

Transitions Clinic Network; San Francisco, CA

- Developed program materials related to curricula, newsletters, reports, and contract deliverables.
- Assisted leadership team with scheduling, event planning, and grant writing.
- Interfaced directly with formerly incarcerated program participants and staff to design program goals and practices in their best interest.

Medical Scribe

Oct 2017 – July 2018

Southeast Health Center; San Francisco, CA

- Documented patient histories and exams for primary care providers during and after patient visits.
- Gained proficiency in eClinicalWorks for medical record keeping and review.
- Trained incoming scribes on an individual basis to nurture proficient understanding and quality of work.

Sports Medicine Intern

Sept 2014 – June 2017

UCLA Sports Medicine; Los Angeles, CA

- Evaluated injury to design and apply rehabilitation plans alongside physical therapists and athletic trainers.
- Practiced direct patient care and trust-building in a clinical environment.

Research Assistant

June – Sept, 2014

SFSU Health Equity Research Laboratory; San Francisco, CA

- Examined links between breast cancer survival, self-reported treatment experiences, and social determinants of health.
- Completed PCR and ELISA assay procedures from randomized patient samples.

SKILLS

Database management in clinical and research settings.

Taught young students in underserved districts about heart and lung health.

Public speaking.

ACTIVITIES

Co-founded UCLA EDMC Message in a Melody benefit concert for pediatric cancer. Attended the SF Adult Probation Department's 2018 APD CARES event to examine ongoing efforts to break the cycle of violence and heal communities.
